

Digital Media Design

Academic agreements are used to identify comparable courses or pathways between educational institutions. This allows students to receive credit at a receiving institution without having to duplicate courses recently completed and to continue their education between schools. In order to receive credit for course work included in these agreements, students must provide a transcript to the receiving institution with a grade "B" or better in the designate course(s). Any additional requirements are stated below.

Weber State University – Associate of Applied Science in Network Management Technology			
WSU Course	WSU Title	Davis Tech Course	Davis Tech Title
ART 2450	Foundations of Photography: Color/Digital	DMDC 2430	Digital Photography and Editing
